

Clark County Department of Aviation DRAWING STANDARDS:

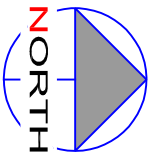

1. In AutoCAD, save this dwg file to your directory/folder and **"INSERT"** as a Tileblock - update/modify each attribute after inserting, **not** from this original dwg file.
2. All NOTES / KEYNOTES / DIMS / FONT / TEXT and all NOTES/TEXT associated with ANNOTATIONS / ATTRIBUTES / BLOCKS / DIMS shall be 1/8" MINIMUM in HEIGHT per the DOA Standards (please make sure this is reflected correctly in 1:1 when plotted/printed).
3. Color yellow not permitted for notes / text in CAD per DOA Standards.
4. Please use "ARIAL" as the default font type per the DOA Standards.
5. Please use "DOA.ctb" PLOT FILE to correctly plot/print (LINETYPES/LINEWEIGHTS/HATCH/COLOR) per the DOA Standards.
6. Set your drawing's "UNITS" setting to its highest setting.
7. DO NOT explode Tileblock/Attributes.
